Dear Leader McConnell, Speaker Ryan, Leaders Schumer and Pelosi, and Chairman Hatch and Brady:

We the undersigned companies are writing to ask that you include a retroactive, multi-year extension of the biodiesel tax incentive in end of the year legislation.

The signatories of this letter represent companies from all segments of the Biomass-based Diesel value chain including production, blending, distribution, marketing and consumption of biodiesel, renewable diesel and renewable aviation fuels. We share the view that extending the biodiesel tax incentive is consistent with sound tax, energy and economic policy. A seamless, multi-year extension of this worthwhile tax incentive will help create jobs, reduce fuels costs, diversify the nation's energy supply and bolster domestic energy production.

Thank you in advance for your consideration, and we look forward to working with you to achieve this worthwhile policy objective.

Sincerely,
